📜 CERTIFICATES

MERN Stack Development

Certificate Course By Masai School

👤 PROFILE

Full-Stack Developer with experience in developing applications using the MERN stack. Created a CMS for managing blog content and a multi-user CRE Dashboard, optimizing service provider management. Skilled in designing RESTful APIs and optimizing MongoDB structures, enhancing performance and efficiency in collaborative projects.

💼 PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

SkyTrust 📍

05/2024 – 09/2024 | New Delhi, India

Developed a multi-user CRE Dashboard using the **MERN** stack, optimizing service provider management with a streamlined two-step registration process.

Key Features:

- Enabled CREs to monitor registration progress and send email links for completion.
- Implemented advanced search functionality by company name, email, and service category.
- Developed a Head-CRE interface for tracking performance, managing account permissions, and resetting passwords, enhancing oversight and security.

Developed a full stack Content Management System (CMS) using React for the frontend and Node.js, Express, and MongoDB for the backend.

Key Features:

- Users can create, update, and review blog posts with titles, descriptions, images (using Multer for uploads), and meta details.
- Enabled the addition of new categories for blog posts.
- Implemented a "Contact Us" form for client queries, helping gather feedback and inquiries.
- Managed client queries to facilitate updates on company blogs and new technologies.

Full Stack Developer Intern

BoffinBlocks

08/2023 – 02/2024 | Mohali, India

- Created RESTful APIs for client applications, significantly enhancing system performance.
- Designed efficient MongoDB structures and optimized queries, leading to faster execution times.
- Worked with cross-functional teams to gather requirements and deliver high-quality software solutions under tight deadlines.

📁 PROJECTS

Codebase-Movies-Munch 📍

The Movies-Munch web app will provide information about movies and their trailers. It will include the latest movie releases, trailers, and detailed information about each movie.

Solo Project Completed In Seven Days

Features :

- Carousel / Slider :- [Trending, Popular, Top Rated]
- Switching Tabs :- [Day - Week, Movies - Tv Shows]
- Sort By :- [Popularity, Rating, Release Date]
- Watch Movies And Tv Series's Trailer and their details like cast release date and director
- Search for movies by title

Tech Stack: React | Sass | Redux-Toolkit | TMDB API
